UC Personal Travel Program & Register your personal trip

Personal Travel Program

Love the benefits offered through the UC Business Travel Program? Now you can purchase them for your own personal travel through the UC Personal Travel Program!

The UC Personal Travel Program offers two travel plan options designed to integrate insurance benefits with valuable travel assistance services to help provide the extra protection you need while traveling far from home. Find out more about the Blue and Gold plan options, enroll in UC Personal Travel Insurance, and register your trip to receive real-time travel alerts.

Whether traveling for business, pleasure, or educational purposes, individuals want the peace of mind that comes with purchasing travel insurance to help provide the security they need. This Travel Accident Protection Program responds to medical emergencies for travelers outside of their home country or country of permanent residence by providing accident and sickness benefits and valuable travel assistance services. See the [Blue and Gold Plan Options \(pdf\)*](#).

- [UC Personal Travel Enrollment](#)

Coverage is only while traveling outside of your home country from which you hold a passport. Sometimes travel outside of your home country can get risky, especially if you need to travel to areas of political unrest and conflict. ACE USA Accident and Health offers an integrated travel insurance and service plan that helps to provide the extra protection needed while traveling in risky territories. Enroll and purchase your [personal travel insurance](#).

- [Register your personal trip for real time alerts](#)

Register your specific itinerary to receive customized intelligence reports for over 230 countries and more than 580 cities covering entry/exit, security, health, transportation, culture, language, environment, financial, communication and legal concerns. You will receive real-time alerts before, during, and after your trip about changing conditions that might affect your itinerary or long-term stay. This constant support allows travelers to stay safe and to circumvent potential difficulties with minimal trip/assignment disruption. [Register your personal trip](#).
